Ma[illegible]Fire Brick

and[illegible]Materials.

FIRE-BRICK, bearing our brand, "Henry Maurer, No. 1," are of the highest refractory quality. For requirements where lesser heat is to be resisted we recommend our "Royal" brand.

The scarcity and high cost now prevailing for common building brick is directing attention to our patent wall construction, the "Phenix."

For fireproof floor construction our "Herculean" Arch has the endorsement of every architect who has used it.

Electric Carrier For Taking Mail Up

Postal Service Extension

Government Custody of Mail, to and from your own hand

These Mail Chutes are Superior to others in the following Advantages:

1. Simplicity of Construction
2. Absence of Rivets
3. Seamless Interior
4. Porcelain Lining
5. Increasing Width at every Inlet
6. Vertical Insertion of Mail
7. Frequent Expansion to assist Action of Gravity
8. Telescopic Joints allowing for Settling of Buildings
9. Pocket for the Detentention of Abnormal Mail
10. Free Independent Path Uninterrupted by Detained Mail
11. Positively Unobstructible

Chute For Bringing Mail Down

THE Postman on the ground floor delivers mail and the closing of the door starts the mechanism. The contents of the Electric Carriers are deposited in Private Locked Boxes in apartments of the respective owners of the mail.

THESE Chutes under the custody of the Post Office Department permit no tampering with the mail and letters dropped in them are legally mailed.

ARTHUR BROUNET,

ART INTERIOR DECORATOR,

1133 BROADWAY. Telephone 252 Madison Square

After 20 years of practical labor and experience, I am now in a position to offer Architects, Builders and the public the most complete and original designs for embellishment of homes, theatres and other buildings where artistic decorations are wanted. Architects, builders and private parties can send for me, or send plans, specifications or an idea and I will furnish all estimates free of charge at any time. A call to my studio will convince you that my designs and colorings are artistic and prices most moderate.

ALPHA CANVAS BELTING

IS THE GREATEST ADVANCE THAT HAS BEEN MADE IN BELT MAKING FOR MANY YEARS.

It Stretches Less than Leather, Rubber or other make of Canvas.

It can be run through water or exposed to steam without injury.

IT IS THE STRONGEST BELT IN THE WORLD.

It costs less than half the price of Leather and is fast supplanting it for nearly every kind of work.

AGENCIES IN ALL LARGE CITIES.

Gentlemen:

We are in receipt of an inquiry from N. Fraibant, Charleroy, Belgium, for the name of a directory giving all the manufacturers of hardware in this country. We are writing to this party today, recommending your publication. In case you so desire it may be well for you to communicate with him direct.

Trusting this may lead to business for you, we are,

Very truly yours,

CYCLOPEAN Bottom Dumping Bucket

FOR HANDLING CONCRETE, ETC.

The greatest time saver; the best bucket ever invented for handling concrete.

Indorsed and used by the United States Government at Boston, Mass.; Galveston, Texas; San Francisco, Cal.

We are also pleased to refer to Ryan & Parker, Park Row Building, New York City; McDonald & Onderdonk, Jerome Park Reservoir, N Y.; Continental Filteration Co., 15 Broad St., New York City, and hundreds of contractors of similar high standing who are using our buckets.

Messrs. Ryan & Parker state: "They saved their cost to us each week we used them; they are a vast improvement; they are *perfect* tools."

We now make CYCLOPEAN BOTTOM DUMPING BUCKETS as large as 3 yards capacity.
